NOTICE
is hereby given that the

EXTRAORDINARY GENERAL MEETING

of Shareholders of **Allianz Global Investors Fund** ("the Company") will be held at its registered office at 6A, route de Trèves, 2633 Senningerberg, Luxembourg, at 9.30 am CEST on **27 October 2011** for the purpose of considering and voting upon the following matters:

Agenda:

1. Change of settlement period

Currently, the Articles of Incorporation provide for a settlement period of max. five business days from the relevant valuation day. From an operational point of view, certain share classes that are denominated in specific currencies require a longer settlement period, for example share classes denominated in Chinese Renminbi. In order to be able to launch such share classes and to handle respective orders appropriately, the extended settlement period is necessary.

The new settlement cycle of six valuation days after the relevant valuation day will not become the standard settlement cycle for all share classes, in the contrary: The actual settlement period of existing share classes that is usually shorter than the described six valuation day-period will not be affected.

a) With effect from 31 January 2012, amendment to the fourth paragraph of Article 7 of the Articles of Incorporation to read as follows:

The subscription price is payable within a period determined by the Board of Directors, which may not exceed six (6) valuation days (as defined in the prospectus) from the relevant valuation day

b) With effect from 31 January 2012, amendment to the second paragraph of Article 8 of the Articles of Incorporation to read as follows:

Subject to the provisions of Article 12 of these Articles of Incorporation, the redemption price per share will be paid within a period determined by the Board of Directors which may not exceed six (6) valuation days (as defined in the prospectus) from the relevant valuation day, as determined in accordance with the current policy of the Board of Directors, provided that any share certificates issued and any other transfer documents have been received by the Company.

2. Subfund in Subfund-Investments

Under certain restrictions the new Luxembourgish law of 17 December 2010 allows for investments of a subfund into another subfund of the same umbrella fund, meaning that a subfund of the Company may invest in another subfund of the Company. In order to be able to make use of this possibility, the Articles of Incorporation as well as the sales prospectus have to mention this possibility as well as the restrictions and conditions to be respected in this regard.

This subfund in subfund-investment offers new investment possibilities for the subfund manager for the benefit of the shareholders. Hence, each subfund can benefit from the experience and possibilities that are offered by other subfunds of the Company. Consequently, a broader investment diversification amongst others in niche markets and markets that are difficult to access will be possible for all subfunds without operative and cost intensive efforts as well as the replication of investment strategies that are, up to now, only applied in other subfunds of the Company.

With effect from 31 January 2012, amendment to letter b) of number 1. of Article 18 of the Articles of Incorporation by addition of a final paragraph to read as follows:

A subfund may also invest in shares issued by another subfund of the Company (the "Target Subfund") provided that:

- *the Target Subfund does not invest in the subfund invested in the Target Subfund; and*
- *no more than 10% of the assets of the Target Subfund may, pursuant to its investment policy, be invested in aggregate in shares of other subfunds of the Company; and*
- *voting rights, if any, attaching to the relevant shares are suspended for as long as they are held by the subfund invested in the Target Subfund and without prejudice to the appropriate processing in the accounts and the periodic reports; and*
- *there is no duplication management fees, sales charges or redemption fees between those at the level of the subfund invested in the Target Subfund and those at the level of the Target Subfund.*

3. Merger

The revision of paragraphs 5 and 6 of Art. 24 of the Articles of Incorporation reflects changes in the new Luxembourgish law of 17 December 2010 and aims to clarify the competences of the Board of Directors as well as of the general meeting of shareholders. E.g., the revision grants the opportunity of mergers between subfunds of the Company and funds of the contractual type that are subject to the European Directive 2009/65/EC (the UCITS IV-Directive) and, consequently offer a comparable level of protection to the investors.

This opens a broader range of possible receiving funds in the interests of the shareholders of the merging subfund.

With effect from 31 January 2012, amendment of the sixth paragraph to supersede the previous sixth and seventh paragraph of Article 24 of the Articles of Incorporation to read as follows:

(6) Notwithstanding the powers of the Board of Directors described in paragraph 5 of this Article, the general meeting of shareholders of a subfund or of the affected share class(es) of the respective subfund may decide to merge the assets and liabilities of this subfund (or of the respective share class(es), as the case may be) into another subfund of the Company or in another share class of the same subfund or into another undertaking for collective investment that is subject to the provisions of the Directive 2009/65/EC, or into another subfund of such an undertaking for collective investment. There are no quorum requirements for this action, and the merger may be decided upon by a simple majority of the shares present or represented at the meeting.
